COMPUTING: SOFTWARE DEVELOPMENT

H48W 35 - GRADED UNIT 2

TYPE OF GRADED UNIT: PROJECT

All evidence of the three stages of this graded unit should be recorded using **logbooks and/or work diaries** and should where appropriate be backed up with screen shots.

Logbook/diaries should be updated in class and should include tasks to be complete for the week ahead.

Diaries should be kept up to date and should include at minimum:

- Tasks to be completed for the week
- Tasks that were complete (from previous week)
- Tasks not completed (from previous week)
- problems encountered
- suggestions (for problem solving)

Logbook/diaries should be available at any time for inspection by your assessor.
